New updates will be downloaded and installed on your TV. Note: Most TVs will receive updates with new features for about two years. When the update is completed, the TV will be restarted automatically. The above contention is provided only for entertainment and information purposes. If you find several firmware versions, install the latest version. Connect the USB drive containing the software update on a USB port on your TV. Thanks for your feedback! Televisions-home-theater | Televisions | 4K-SUHD-TVS © 2022 Samsung Electronics America, Inc. Select Software Update, select Update Now and select Yes. In the support page, locate the For your TV on downloads. If there are no new updates, select OK to exit. You can still add new features to TV with evolutionary kit. Upgrades can still come, but usually will be to correct problems. You can select your product type, and then browse your TV, or select Insert Model Number to access the support page for your specific TV template. All information included here are subject to changes without advice. When using the remote control on your TV, navigate to Setups and select Support. See by: DJ Player DJ Mixer DJ Sampler DJ DJ Controller All-in-One Remixing Station Music Production DJ & Interfaces Software from time to time, your TV will receive updates Software to add new features or fix errors. It does not matter which TV you have, keep your software updated is very important. All other brands, products and services, and their respective registered brands, names and logos, are owned by their respective owners. Sometimes even if something is not working properly, there will be an update available immediately. Your TV will look for the USB drive by update files. Select Software Update, and then select Update Now. Samsung, Samsung Galaxy and Family Hub are trademarks of Samsung Electronics Co., Ltd. If the TV is connected to the Internet, you can have software updates installed automatically while watching TV. To download the latest software updates, visit the Samsung Download Center. Samsung is not responsible for any direct or indirect damage, resulting or related to the use or confidence of the contents contained herein. Some applications will be fixed by a downloadable software update, but other application updates or SMART Hub updates will be downloaded and installed automatically.
