She is really great. "Ziegler noticed that she is" so grateful "for getting her. Get it. onÁ Ádance MomsÁ Á "because it got me to where I am today" and has "helped me with so many opportunities. "One such opportunity is Ziegler's new movie,Á ÁThe Fallout, which she stars in alongside Jenna Ortega. I just appreciate her so much. The opportunity to act alongside her favorite powerhouse talents, including Jennifer Aniston, Reese Witherspoon and Jennifer Lawrence.The FalloutÁ Áis now streaming on HBO Max. ET's Deidre Behar spoke withÁ Áthe 19-year-oldÁ ÁFalloutÁ Áactress, and Ziegler gushed over her boyfriend, her success sinceÁ ÁDance Moms, her new movie role, and the future of her career. I was proud to share it with my family for sure."Ziegler hopes to do a lot more acting in the future, telling ET that she plans to "fully dive into" the craft."I love it so, so, so much," she said. "I'm just going to put into the universe. It's really fun. She's literally changed my life in so many ways, so I really love her."Those who have seen the film, including Benjamin and Ziegler's other family and friends, have been impressed with the teen's performance."My mom cries with everything I do and so does my sister. "He definitely inspires me every day, and he says that about me, which I'm like, "Hopefully."Á Á "We feed off of each other so much. "I love that that's coming back up again because that was such a fun dance...Á ÁIt's really cool. Even if it doesn't, I'm just so grateful."At the top of the entertainerÁÁÁs bucket list? I'm just his biggest fan. It warms my heart. "Getting to become these different characters has been just so inspiring for me. It's like I'm just hanging out with my best friend every day. In her personal life, Ziegler told ET that her relationship with Eddie Benjamin is "the best-case scenario." "I feel very excited every day that I get to date him," Ziegler said. I'm going to manifest it. Maddie ZieglerÁ Áhas a lot to celebrate. I think it's so cool that we push each other every day." Ziegler added. It's That we can give us advice. "..." I can not wait to keep doing it." And Ziegler is so great: Oscars Big! "I would be crazy even to be nominated for a prize in terms of maybe the Oscar," she sprouted. "Sincerely, it's the most cute in history, drama follows high school students sailing with emotional trauma after a school shooting." I have always attracted the heavy roles á €
